JUNE 1984

THANKS TO MYCENA NEWS, SAN FRANCISCO

JUNE MEETING will be held at Rastall Center, Colorado College, Monday, June 25th at 7:30. We will have a presentation given by Robert Ormes, a local well-known authority and author on our Colorado mountains. Bob and Sue were original members of our club. He is currently writing his memoirs on mountaineering and life in general. His book, Guide to Colorado Mountains, is a must for hikers in this region. Other books include maps for hikers looking for old railroads, etc. Anything he has to say will be of benefit to members searching for the illusive fungi in our mountains.

This is a real treat (he usually speaks to standing room only and charges a fortune).

JOINT FORAY. Our club will join with the Colorado Mycological Society of Denver for a joint foray at Devil's Head Campground Area July 14th. Meet at Red Rocks Shopping Center at 8:00. If you know the way, we will meet the Denver club at Devil's Head at 9:30 a.m. Contact Dennis for questions, 598-9234. The position of Foray Chairman is still open. Though there have been a couple of forays, and several personal hiking trips, we have no news of the mushrooms we seek. Therefore, there are no other forays planned. July and August should be very good and we ask that you choose a Saturday or Sunday and offer to meet with a group anywhere there is a possibility of fruitings. You are not obliged to produce mushrooms, just provide the leadership. We will do the rest.

Now that we have a calling committee, if there are occasions when a foray could be given between Newsletters, they will be happy to call everyone if you will notify one on the committee, or one of the officers. If enough interest, we may try a trip to Golden to Majestic Mushroom Farms, Inc.

JULY 7th and 8th Kit Scates will give her series in Denver.

THANK ALL OF YOU FOR RENEWING YOUR DUES, AND THANKS TO OUR NEW MEMBERS: Leo Fielder, welcome back; Lori Ligon, Joel & Nancy Dorenfeld, George Mychaskiw, Kendra Bowers, Dennis Glenn, George and Elfrieda Davis. Again we welcome any input; i.e., possible programs, a foray (even in your backyard), suggestions for improving our knowledge

on any related mycological subject. Barbara Laura, Newsletter - 633-9447; Dennis Craig, President - 598-9234; Lee Barzee, Vice-President - 634-4715; Pat Gustavson, Treasurer - 495-4344; Ruth Roberson - 473-2064; Nannie Lee Griffith - 634-6705; Liz Ras 473-1248 and Lori Ligon. ----- GIVE US YOUR SUGGESTIONS -----
