

## SPORE-ADDICT TIMES

NEWSLETTER

JULY 1984

JULY MEETING will be held Monday, July 23rd at 7:30 p.m. at Rastall Center, Colorado College. We are very fortunate to have Dr. Sam Suchan speak to us and show slides on Lichen. Dr. Suchan is a Professor of Biology and Botany at the University of Colorado, Boulder. He is a very fine mycologist and is very active in the Colorado Mycological Society.

We are very sad to inform you that George Ferrand died around Easter time. George was a retired Executive Chef from the Broadmoor. He was born in Monte Carlo and for those of you fortunate enough to have gotten to know him, he was a font of information on preserving, freezing, and culinary subjects in general. We shall miss him and his winsome personality in our club. Our sincere sympathy is extended to Dorothy, and the hopes that she will continue to be a part of our club.

FORAYS - Saturday's joint foray with Denver was cancelled. Dennis visited the Devil's Head area Friday and found nothing.

No further forays are planned until someone reports mushrooms somewhere. It seems a little late this year, but Don Berrigan stated that it was August last year before we found fruitings of any consequence. Maybe we are just anxious. Please notify Dennis or someone on the calling committee if you see a good area, and particularly if you will lead a foray any weekend.

KIT SCATES' classes were well represented by our club. Noel went Saturday, and Dennis, Lee, Noel and his wife and myself went up Sunday. We brought back charts that were the basis of her class. They will be available to the club for \$1.25 each. They are very good keys for the field.

We also went back Monday night for the program. Kit is vice president of the North American Mycological Association and lives in the Pacific Northwest. Her macroviews and close-ups through the stereoscopic microscope were breath-taking. Her program included all fungi families with representative slides. Helen and Bob Smith and Nannie Lee attended also.

### AUGUST CALENDAR OF EVENTS IN DENVER

- August 19 - CMS Fair, Denver Botanic Gardens. There are always important forays on Saturday the 18th. These specimen are needed for the fair. We always happy when our club is represented. They can always use our services. This is an all day affair.
- August 20 - CMS meeting - Dr. Harry Thiers. He will be the identifier at the Fair. His program at 7:30 at the Botanic Gardens will be a treat.
- August 23 - 26 Telluride Wild Mushroom Conference. If interested, call Don Berrigan - 597-4679
- August 27 OUR MONTHLY MEETING
- August 15 Deadline for those entering the 1984 Gungi Photo Contest (see entry form)
- September 20 - 23 - THE HENRY A.C. JACKSON MEMORIAL FORAY N.A.M.A. DORSET, ONTARIO, CANADA.
- October 2 - 19 Japan tour with Gary Lincoff, Pres. N.A.M.A.
